**STATEMENT FROM MAYOR STEPHANIE A. MINER  
ON NYNEX BUILDING SETTLEMENT**

SYRACUSE, N.Y. – Mayor Stephanie A. Miner issued the following statement today following the Common Council’s vote on a settlement for the NYNEX building in Downtown Syracuse.

“Today’s vote opens the door to a new chapter in the life of Downtown Syracuse. Seeing the NYNEX building redeveloped has been a priority of my administration since day one and I am pleased we are now able to move past the litigious history of this property and focus on bringing it back into productive use. While there is still much work to be done for this building to realize its full potential, we are now on the right track to action. I commend those whose work made this settlement possible.”
