Reference attached informational handout for summary of presentation.

Questions and Comments

1. Explore and demonstrate possible connections to ancillary trail systems such as Onondaga lake Trail, Erie Canal Trail, etc.
2. Reach out to local gardens and green houses along proposed trail way (Onondaga Earth Corp.)
3. Public Tour of proposed trail areas (post second set of public meetings?)
4. Small boat kayak/canoe launch.

5. Promote the documented idea that increased pedestrian traffic and exposure facilitates increased safety.
6. When addressing long term maintenance. It should be noted that with the completion of the Creekwalk Phase I. The City has made the initial investment in trail maintenance and the extension of the trail represents a limited expansion of previously established capacity.
7. Request the google earth interactive trail presentation be made available via the Creekwalk internet gateway on the City website.
8. Collect email contact information at future meetings to increase public outreach when distributing project information.
9. Onondaga Greenway pedestrian and bike trail improvements project at Kirk Park is anticipated for completion summer 2015.
10. Suggested improvements to Onondaga St/Seymour St intersection (round-about).
11. Public preference to maintain trail proximity as close to creek as possible.
12. Favorable opinion toward utilization of existing rail bridges adjacent to Armory Square.
13. Utilization of existing West St pedestrian thoroughfare was discussed.
14. Trail under rail bridges connecting Phase II to Phase I in Armory Square was
