- ii. The City of Syracuse reserves the right to seek additional information from organizations, especially those not previously funded by the City.
- iii. The City of Syracuse reserves the right to establish spending guidelines for all projects.

5. Strategic Funding Priorities

CDBG grant funding is extremely competitive; Syracuse's funding allocation is uncertain at this time and not all applicant programs will be allocated funds. The decision to fund is based, in part, on whether the proposed program supports NBD's top funding priorities for our 2020-2025 Consolidated Plan, as outlined below:

Strategic Funding Priorities | Five-Year Consolidated Plan (CDBG, HOME, ESG)

I. PROMOTE AND PRESERVE SAFE, AFFORDABLE, AND STABLE HOUSING

- a. Home improvement direct assistance, targeting healthy housing principles with an emphasis on lead hazard remediation and improving energy efficiency;
- b. Development of affordable housing with preferences for scattered site, mixed income approaches, complementing identified community needs for those most vulnerable and improving housing quality;
- c. Eviction prevention and landlord/tenant counseling assistance with an emphasis on early intervention and reducing forced family mobility;
- d. Support homeless prevention, street outreach, and rapid rehousing activities;
- e. Reduce barriers to fair housing.

II. BUILD FAMILY WEALTH + PROMOTE ECONOMIC INCLUSION

- a. Home ownership promotion and retention, including homebuyer education, down payment assistance, and legal services related to estate planning and bequests;
- b. Workforce development programming targeting underserved Syracuse residents that focuses on existing and projected employment opportunities, most notably the construction trades and supporting the Syracuse Build collaborative;
- c. Financial empowerment services available to all City residents, with an emphasis on partnerships with those preparing for and/or newly entering the workforce;
- d. Developing creative financing solutions to assist individuals, families, and small business owners in achieving their goals and achieving long-term sustainability.

III. CREATE MORE VIBRANT, RESILIENT NEIGHBORHOODS

- a. Reduce residential and commercial corridor vacancy and remove blighting influences;
- b. Support development efforts that result from demonstrated grass roots input and community engagement;
- c. Support city-owned community centers with emphasis on quality programming for youth and seniors.

6. Application Evaluation.

CDBG Funding is extremely competitive. Incomplete and/or late submissions will not be considered. Character limits, if applicable, are stated in the question; **points may be deducted** for exceeding the stated limit.
