DEPARTMENT OF PUBLIC WORKS

Heavy Equipment Mechanic II

Grade 16

Rate: \$19.00-\$19.90

Distinguishing Features of the Class:

The work involves responsibility for performing skilled mechanical repair and maintenance work on heavy equipment whose operating systems and assemblies differ from standard gasoline or diesel powered systems. Under supervision, an employee in this class performs skilled mechanical repair and maintenance work on heavy construction equipment whose systems of operation and assemblies are different from standard vehicle employing gasoline or diesel powered systems. General instructions are received regarding assigned tasks, giving latitude for planning details and carrying out assignments. Work is reviewed upon completion through the operation of repaired equipment. Does related work as required

Typical Work Activities:

- Performs skilled mechanical work in the repairing and overhaul of gas and diesel driven engines, transmissions, brake and exhaust systems, water pumps, generators, differentials, and other mechanical subassemblies ordinarily found in heavy equipment.
- Mounts and dismounts snow plow blades and other auxiliary equipment.
- Rebuilds defective or damaged subassemblies.
- Assembles and times engines.
- Greases all moving parts, etc

MINIMUM QUALIFICATIONS:

A) Graduation from a regionally accredited college or university or one accredited by the New York State Board of Regents to grant degrees with an Associate's Degree in Automotive Technology with a specialty in Heavy Equipment or an Associate's Degree in Diesel Equipment Technology and one (1) year of skilled mechanical experience, or its part-time equivalent, in the repair and maintenance of heavy automotive equipment or construction equipment utilizing both gasoline and diesel powered engines which must have involved the maintenance and repair of bulldozers, power shovels, extractors and like heavy equipment; or,
B) Three (3) years of skilled mechanical experience, or its part-time equivalent, in the repair and maintenance of heavy automotive equipment or construction equipment utilizing both gasoline
